

ORT BRAUDE COLLEGE AND THE UNIVERSITY OF HAIFA
ANNOUNCE A JOINT CONFERENCE ON

Lie groups, algebras and Applications

which will be held on

28-29 November 2018
Karmiel and Haifa

The conference will emphasize various aspects of Lie theory and its applications to other areas of mathematics. It will serve as a platform for both established and young scholars to interact with one another. This is the first conference organized jointly by ORT Braude College and the University of Haifa in algebra, and thus provides a valuable opportunity for collaboration in northern Israel.

Invited speakers:

Uri Bader, Weizmann Institute
Inna Entova-Aizenbud, Ben-Gurion University
Uriya First, University of Haifa
Dmitry Gourevitch, Weizmann Institute
Alex Lubotzky, Hebrew University of Jerusalem
Anna Melnikov, University of Haifa
Ivan Penkov, Jacobs University Bremen
Lior Rosenzweig, Afeka College

Organizing Committee:

Oren Ben-Bassat, Mark Berman, Mark Elin, Crystal Hoyt

To register please send an email by November 10th
to Anna Shmidov (math@braude.ac.il)
