Unit 6

Group presentations

Overview

Now is the time to combine the skills you have learnt here into a final group presentation with audio, on topics that will be supplied.

Each group will then upload their 7-10 minute presentation to Moodle, respond to another group's presentation and answer questions about their own project.

Structure

- **Reading and Summarizing** - Pick a group topic, read about it and summarize your findings.
- **Discussing, Evaluating, Integrating, Producing** - With the other people in the group discuss what you have learnt and brainstorm how to create a unified presentation that will allow everyone to express themselves.
- **Responding** - Watch other groups' presentations and comment on them; respond to the comments of others on your group's presentation.
