

IN2IT, WP6 WORK MEETING, 29/MAY/2016

WP6 | DEVELOPMENT AND DELIVERY OF AN INNOVATIVE TECHNOLOGICAL PLATFORM

Dr. Hanan Maoz, Sapir
Location: Shenkar College, Ramat-Gan

Dr. Hanan Maoz
Head of International Programs Office
HananM@mail.sapir.ac.il

Meeting Objectives

1. **Start** to set up the **expectations** among consortium members
2. Get **Acquaintance** among team **members** (Consortium HEIs, departments, Personas) with relation to WP6

4. **Sharing** vision, knowledge, **needs**, wants, demand from WP6 (Technology Enhancement Learning)
5. **Brainstorming** the various **challenges** and options we have as a teamwork.
6. **Defining** what will be perceived as **“Success Story”**

7. **Be familiar** with the project **path** (time, boundaries, outcome, impact) even before starting the work (and before knowing our set of options).
8. **Agree** on the **decision-process** we are going to chose the final option.
9. **Building** the **“CORE” team** for driving the vision and design of the technology platform

Few of the Identified Challenges

The Consortiums' HEI diverse in their composition, focus, background and experience of technology-enhance-learning.

Analysis/Design/Develop/Deploy

- Renew Platform or New Platform
- Fix processes or Add processes
- Renew capabilities or Add New capabilities
- Doing things differently, ot Doing Different Things
- Personal-learning vs. Group Learning
- Teacher Centric vs. Student Centric
- Class learning Vs. Distant Learning
- Mainstream technology Vs. New technology

Generic Challenges

- Pedagogic: Pedagogic gaps and Scenarios
- Strategic: The Internationalization Narrative
- Operational: Maintenance & support model
