WP4 Objectives

- To **create international Communities of Practice** (CoP) for knowledge-sharing and initiation of joint research projects and grants;
- To develop international **interactive online arena** for academic CoP that will promote the establishment of research capacity in the partner institutions;
- To **promote opportunities** of international CoP for collaboration.

Specific Objectives

- To **facilitate online discussion** among WP2 International teams for developing online curriculum;
- To **stimulate sharing** of experiences and needs in internationalization for supporting the creation of new synergies;
- To **foster international collaboration** among Higher Education Institutions for developing Joint Research Project ideas.

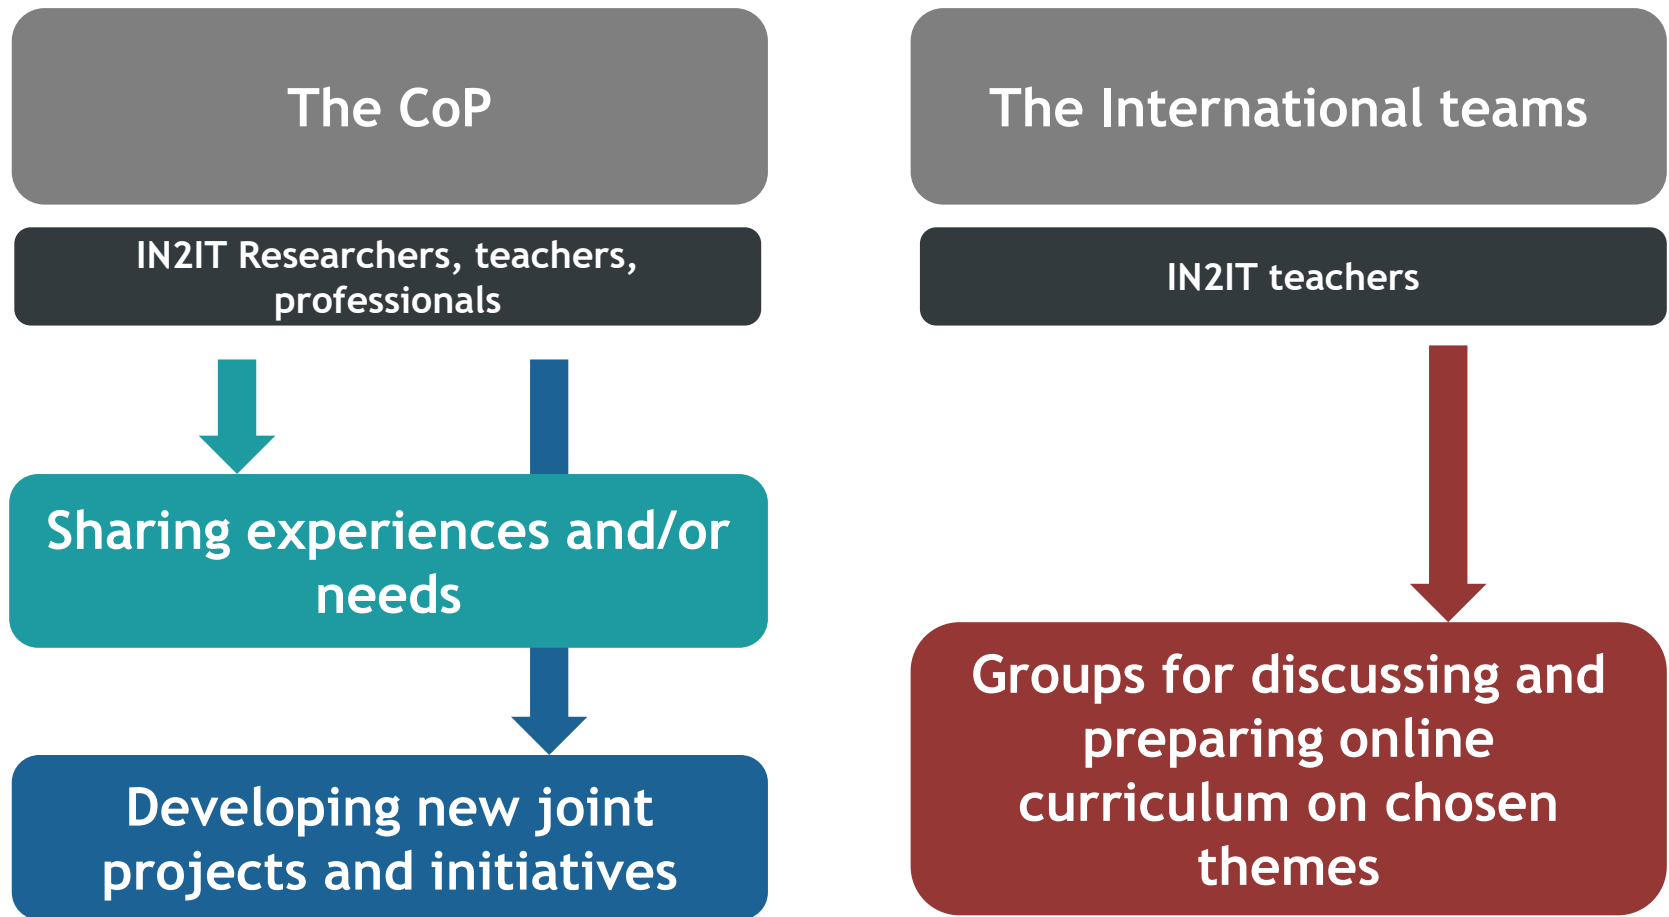

IN2IT Community structure

- The Community will be launched as **private environment** where just IN2IT partners will have access. This setting **can be changed** in the future;
- All people from your institution that have to/want to **access the community**, need to be **listed in a** document you can fill now;
- Community members registration need to be **approved by POLIMI staff** based on the list above in order to assure that just partners are in the community.

IN2IT - the Community of Practice

Project IN2IT aspires to offer an **innovative technological platform for academic international relations**.

The Community of Practice is the place where researchers, teachers, and administrative staff from Higher Education Institutions (Universities, Colleges, etc...) can share experiences, ideas and needs with the objective to create new relations and **joint projects** for potentiating internationalization capabilities.

The IN2IT project was awarded by the Education, Audiovisual and Culture Executive Agency – EACEA in the Erasmus Plus Programme for education, training, youth and sport. The IN2IT is a **three-year project (2015-2018)** that will be executed by **14 partners from Israel and the EU**.

Since the community of practice is a working area among project partners the **access is at the moment restricted** only to registered users coming from Universities and Colleges directly involved in IN2IT Project.

Please [register](#) if you are a new user or [Login](#) if you already have an account.
