

CURRICULUM VITA

Dr. Hussein Naseraldin, Senior Lecturer

November, 2020

Work address: ORT Braude College

Department of Industrial Engineering and Management

P.O.B.: 78, Karmiel, 2161002, Israel

Cell.: 972-50-240-1407, Tel.: 972-4-9901977, Fax: 972-4-9901852

Email: nhussein@braude.ac.il

Home address: P.O.B. 4527, Dalyat El Carmel, 3005600, Israel

Tel.: 972-4-8395582

Id. #: 23468440

Date of Birth: November 16, 1969

Place of Birth: Haifa, Israel

Marital Status: Married +2

ACADEMIC EDUCATION

Ph.D., 2002-2006, Industrial Engineering

Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology,
Haifa, Israel

Dissertation: “Supply Chain Design on a Line with Lateral Transshipments”

Supervisor: Associate Prof. Yale T. Herer

M.Sc., 1999-2002, Industrial Engineering, *Cum Laude*

Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology,
Haifa, Israel

Thesis: “Integrated Planning of Product Design, Assembly Process, and Supply Chain”

Supervisors: Prof. Boaz Golany and Prof. Eyal Zussman (Mechanical Engineering)

B.Sc., 1987-1992, Industrial Engineering and Management, *Cum Laude*

Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology,
Haifa, Israel

ACADEMIC EMPLOYMENT

- 2015-Present Senior Lecturer, Department of Industrial Engineering and Management, ORT Braude College, Karmiel, Israel
- 2009-2015 Lecturer, Department of Industrial Engineering and Management, ORT Braude College, Karmiel, Israel
- 2013-Present M.Sc. Final Project Adviser, Department of Industrial Engineering and Management, ORT Braude College, Karmiel, Israel
- 2019-Present Senior Adjunct lecturer, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology, Haifa, Israel
- 2008-2019 Adjunct lecturer, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology, Haifa, Israel
- 2009-Present Internship and final project supervisor, Department of Industrial Engineering and Management, ORT Braude College, Karmiel, Israel
- 2008-Present M.Sc. Thesis Co-Adviser, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology, Haifa, Israel
- 2013-Present M.E. Final Project Adviser, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology, Haifa, Israel
- 2013-Present B.Sc. Final Project Supervisor, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology, Haifa, Israel
- 2008-2009 Post-doctoral fellow, Department of Statistics, University of Haifa, Haifa, Israel
- 2007-2008 Post-doctoral fellow, Rotman School of Management, University of Toronto, Ontario, Canada
- 2006-2007 Post-doctoral fellow, Haskayne School of Business, University of Calgary, Alberta, Canada

ACADEMIC AND ADMINISTRATIVE ACTIVITIES

ORT Braude College

- 2015-Present Master of Science Program in Industrial Engineering and Management, Head
- 2011-2015 Master of Science Program in Industrial Engineering and Management, Acting Head

INDUSTRIAL EXPERIENCE

- 1998 – 1999 Quality Assurance Manager, Delta Textiles Ltd., Karmiel, Israel

1995 – 1998 Customer Coordinator, Delta Textiles Ltd., Karmiel, Israel

1992 – 1995 Quality Control Manager, Delta Sporting Ltd., Karmiel, Israel

TEACHING EXPERIENCE

ORT Braude College

Undergraduate Courses: Production Systems ♦ Planning and Operating the Supply Process in the Organization ♦ Cases in Industrial Engineering

Graduate Courses: Supply Chain Operation and Management (M.Sc. in Bio-Technology) ♦ Supply Chain Management (M.Sc. in Industrial Engineering and Management)

Technion – Faculty of Industrial Engineering and Management, Israel Institute of Technology

Undergraduate Course: Cases in Industrial Engineering

GRADUATE SUPERVISION

Department of Industrial Engineering and Management, ORT Braude College

M.Sc. (Non-Thesis) Final Project Supervision

- “Procurement Allocation Policy in Outsourcing under Commercial and Operational Constraints” (with Tsach Gafni)
- “Efficient Scheduling of Work Orders in a Sequence-Dependent Setup Environment at J. Kahan Food” (with Yosi Gil)
- “Optimal Offset Allocation in RAFAEL” (with Moshe Gertsman)

Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology

M.Sc. Thesis Co-Supervision

- "A Robust approach to the Integrated Inventory Replenishment, Lateral Transshipments, and Routing in a Single-Commodity Supply Chain" (with Shiry Varem and Prof. Aharon Bental)
- “The Due-Date Assignment Problem in Scheduling: A Robust Optimization Approach” (with Chen Bukay and Assistant Prof. Liron Yedidsion)
- “Managing Operations in a Smart-Grid Environment” (with Yevgenia Mikhaylidi and Assistant Prof. Liron Yedidsion)
- “An EOQ Type Model with a Probabilistic One-Time Unit-Price Discount” (with Yaron Shaposhnik and Associate Prof. Yale T. Herer)

M.E. Final Project Supervision

- "Inventory Management in a 3D Printing Environment " (with Tali Feldman, 2017)
- "Innovative Forecasting Models for Spare Parts in a Multi-Level System with Multiple Demand Points" (with Yehonatan Naamaty, 2017)
- "Performance Streamlining in in Wet Etch Department at TowerJaz Semiconductors, FAB2" (with Roman Saharov, 2016)
- "Energy-Aware Scheduling and Planning in a Beverage Plant" (with Ohad Dayan, 2016)
- "Robust Allocation of Developmental Assignments in a Job-Shop Environment" (with Dudu Barkan, 2015)
- "Taxonomic Review of Industrial Internet-of-Things (IIoT)" (with Omer Berger, 2015)
- "The Due-Date Assignment Problem in Scheduling" (with Olga Volfson, 2013)

UNDERGRADUATE SUPERVISION

Department of Industrial Engineering and Management, ORT Braude College

B.Sc. Final Project & Internship Supervision

- Supervising undergraduate final projects and internships in industry.

Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology

B.Sc. Final Project Supervision

- Supervising undergraduate final projects in industry. Note: an annual competition is held each year and excellent final projects are selected. Names of groups are listed
 - Facility Location and Methods Improvement (with Naomi, Roei, Sefi, Shani, 2014), *finalist*, Faculty Project Competition
 - Production Planning (with Kobi, Noa, Shani, Shuki, 2013), *1st place*, Faculty Project Competition
 - Scheduling Operations in semi-Conductors (with Udi, Moshe, Amit, Lior, 2012), *2nd place*, Faculty Project Competition
 - Scheduling Berth Operations (with Keren, Ina, Maya, Revital, 2011), *3rd place*, Faculty Project Competition
 - Inventory management in Beverage Industry (with Hadas, Rotem, Orit, Liran, 2010), *3rd place*, Faculty Project Competition

- Lean Production in a Water-related company (with Hila, Dan, Sagi, Dana, 2009), 2nd place, Faculty Project Competition

MENTORING & COACHING

ORT Braude College

2017- Present Teaching Supporter, "TOMECH HORAAN" (Teaching Mentor) Program

This program is about supporting colleagues by providing them with feedback on their teaching, course design, teaching methods, and other aspects of teaching.

2016- Present Mentor for new faculty, "AMEET MELAVEH" (New Faculty Mentor) Program

This program is about mentoring new faculty (tenure and adjunct). Mentoring occurs during the first semester after joining the college. The process covers academic, social, administrative, and personal aspects of being a faculty or a lecturer.

2011- Present Personal Coach for students, "MALAT" Program

MALAT – MATZAV AKADEMI LO TAKEEN (Insufficient academic status) is a program about providing last chance to a student who is on the threshold of being expelled from the college due to low achievements. Eligible students are coached to change paradigm about studying.

2013- Present Group Coach, "ME TOV LA METZOYAN" (From "good to Excellent") Program

The program is designed for students who are very close to being excelling in studies, yet not there. The goals of the program include helping them building a personal excellence program and then implementing it during the semester.

Technion's Alumni Association, Technion – Israel Institute of Technology

2017- Present Mentor, "TENGIVING" Program

TENGIVING program is about connecting Technion's Alumni with current students so that the later can benefit from the formers' experience. The mentoring is about issues related to studies, career, and profession.

Ministry of Industry and Trade

2016- Present Mentor, Israel National Brain Gain Program

The Israel Brain Gain Program is led by the Chief Scientist of the Ministry of Industry and Trade. The program is run under Matimop, the executive agency of the Office of

the Chief Scientist (OCS). It is a joint collaboration of the Ministry of Absorption, the Ministry of Industry and Trade, the Finance Ministry, and the Committee for Planning and Budgeting of the Council for Higher Education.

ACADEMIC HONORS, AWARDS, AND FELLOWSHIPS

Faculty Evaluation at ORT Braude College

- 2019 Faculty Excellence Certificate and Award for the year 2017/2018, *All Categories*, ORT Braude College, Karmiel, Israel
- 2018 Faculty Excellence Certificate and Award for the year 2016/2017, *All Categories*, ORT Braude College, Karmiel, Israel
- 2017 Faculty Excellence Certificate and Award for the year 2015/2016, *All Categories*, ORT Braude College, Karmiel, Israel
- 2016 Faculty Excellence Certificate and Award for the year 2014/2015, *All Categories*, ORT Braude College, Karmiel, Israel
- 2015 Faculty Excellence Certificate and Award for the year 2013/2014, *All Categories*, ORT Braude College, Karmiel, Israel
- 2014 Faculty Excellence Certificate and Award for the year 2012/2013, *All Categories*, ORT Braude College, Karmiel, Israel
- 2014 Faculty Excellence Certificate and Award for the year 2012/2013, *Teaching Category*, ORT Braude College, Karmiel, Israel
- 2013 Faculty Excellence Certificate and Award for the year 2011/2012, *All Categories*, ORT Braude College, Karmiel, Israel
- 2012 Faculty Excellence Certificate and Award for the year 2010/2011, *All Categories*, ORT Braude College, Karmiel, Israel
- 2011 Faculty Excellence Certificate and Award for the year 2009/2010, *All Categories*, ORT Braude College, Karmiel, Israel

Faculty Evaluation at Technion – Israel Institute of Technology

- 2018 "MARTZEH METSTAYEN", Excellent faculty for Spring 2018, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology

Post-Doctoral Fellowships

- 2008-2009 Post-doctoral fellowship funded by the Planning and Budgeting Committee of Israel (VATAT), Department of Statistics, University of Haifa, Haifa, Israel
- 2007-2008 Post-doctoral fellowship funded by the Natural Sciences and Engineering Research Council (NSERC) of Canada, Rotman School of Management, University of Toronto, Ontario, Canada
- 2007 Honorary Mention in the Ph.D. Dissertation Competition held by ORSIS – the Operational Research Society of Israel
- 2006-2007 Post-doctoral fellowship funded by the Natural Sciences and Engineering Research Council (NSERC) of Canada, Haskayne School of Business, University of Calgary, Calgary, Canada

Honors and Awards during Ph.D. Studies

- 2006 Donald W. Fogarty International Student Paper Competition, APICS Educational and Research (E&R) Foundation, 1st place, International Division. *Title of paper: Optimal Number and Location of Retail Outlets, Inventory Replenishments, and Lateral Transshipment Decisions*
- 2005 Minerva Stiftung Short-Term Research Grant
- 2002-2006 Irwin and Joan Jacobs Graduate School's scholarship, Technion – Israel Institute of Technology
- 2005 The 13th Industrial Engineering and Management Conference Student Paper Competition, 2nd place. *Title of paper: Supply Chain Design: An Integrated Decision-Making Approach*
- 2002-2006 Permanent Excellent Teaching Assistant Certificate and Award, Technion – Israel Institute of Technology

Honors and Awards during M.Sc. Studies

- 2002 Graduation with *Cum Laude* honor certificate
- 1999-2002 Irwin and Joan Jacobs Graduate School's scholarship, Technion – Israel Institute of Technology
- 2000-2002 Excellent Teaching Assistant Certificate and Award, Technion – Israel Institute of Technology

Honors and Awards during B.Sc. Studies

- 1992 Graduation with *Cum Laude* honor certificate

- 1992 The Joseph Gruenblat prize, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology
- 1991 Certificate of Honor for being listed on the Dean's List. Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology
- 1991 The Joseph Gruenblat prize, Faculty of Industrial Engineering and Management, Technion – Israel Institute of Technology

MEMBERSHIP IN PROFESSIONAL SOCIETIES

ORSIS – Operational Research Society of Israel

INFORMS – Institute of Operations Research and Management Sciences

M&SOM – Manufacturing and Service Operations Management

IISE – Institute of Industrial & Systems Engineer

ISIR – International Society for Inventory Research

PROFESSIONAL AND SERVICE ACTIVITIES

ORT Braude College

- 2019-Present Committee for developing the course "Faculty as Mentors", Member, the Center for Engineering Education and Entrepreneurship
- 2019-Present Committee for developing the Academy-Industry Conference, Member
- 2018-Present Steering Committee of the Center for Engineering Education and Entrepreneurship (previously the center for the Promotion of Teaching and Learning), Member
- 2012-2018 Committee for the Promotion of Teaching and Learning, Head
- 2012-Present Steering Committee of the Center for promoting Teaching and Learning, Member
- 2010-Present Departmental Seminar, Department of Industrial Engineering and Management, Organizer
- 2016-2017 Industry-Academy 7th Conference entitled "Personal Growth and Well-Being at Works – Drivers of Innovations and Productivity", Head, March 2017.
- 2014-2015 Steering Committee of "ME HALEV" Project, Community Relations, Member and Researcher

- 2013-2015 Committee for Adopting the ABET (Accreditation Board for Engineering and Technology) standard, Member
- 2013 Student-exchange delegation to Germany, Leader
- 2012-2013 Ad-Hoc Committee for Academic Quality Examination, Member
- 2012-2013 Committee for Integrating Systemic Thinking in the Curriculum, Member
- 2011-2012 Adjunct Teaching Nominees' Committee, Department of Industrial Engineering and Management, Member
- 2010-2012 Strategic Planning Committee, Academic Development Affairs, Member
- 2009-2012 Academic Knowledge Management, Department of Industrial Engineering and Management, Organizer
- 2011-2012 Internship Process Revision Committee, Member
- 2010 External Funding Resource Workshop, Department of Industrial Engineering and Management, Organizer
- 2009-2011 Committee for the Promotion of Teaching and Learning, Member
- 2009-2011 Academic Adviser (2nd year students), Department of Industrial Engineering and Management

Conference Committee Member

- 2019 A workshop on Additive Manufacturing, Israeli Industry Sector,
- 2015-2016 The 3rd Colloquium of European Research in Retailing, Toulouse Business School, Toulouse, France, Member
- 2012 The 17th Industrial Engineering and Management Conference, Tel-Aviv, Israel, Paper competition committee, Member
- 2011 The 5th Industrial Engineering and Management Research Conference, Dead Sea, Israel, Paper competition committee, Member
- 2010 Manufacturing & Service Operations Management (M&SOM) Conference, Technion – Israel Institute of Technology, Israel, Member

Manuscript Reviewer

Refereeing manuscripts submitted for potential publication in the following journals:

Management Science; IIE Transactions; Naval Research Logistics (NRL); Production and Operations Management (POM); European Journal of Operational Research (EJOR); Applied Mathematical Modeling; International Journal of Production Research (IJPR); Computers and Industrial Engineering (CAIE); Central European Journal of Operations Research; African Journal of Business Management; American Journal of Operations Research (AJOR);

Manufacturing & Service Operations Management (M&SOM); OMEGA – The International journal of Management Science; Journal of Operational Research Society (JORS); Mathematical Problems in Engineering; Mathematical Methods in Operations Research (MMOR); Journal of Industrial Optimization (JIMO)

Master Thesis Examiner

- Technion – Israel Institute of Technology
- Tel-Aviv University
- SKEMA Business School, France

CONFERENCE AND SEMINAR LECTURES

A. Invited Seminars at Universities

1. Integrating Routing with Inventory and Transshipment Decisions: A Robust Optimization Approach, Ariel University, 2018 (Joint work with Shiry Varem and Aharon Ben-Tal)
2. Impacts of Lateral Transshipments on Designing and Operating the Supply Chain, Bar-Ilan University, Israel, 2013 (Joint work with Herer Y. T.)
3. Facility Location: A Robust Optimization Approach, Department of Industrial engineering and Management, Tel Aviv University, 2010 (Joint work with Baron O. and Milner J.)
4. Facility Location: A Robust Optimization Approach, Industrial Engineering and Management Department, ORT Braude College, Israel, 2008 (Joint work with Baron O. and Milner J.)
5. Facility Location: A Robust Optimization Approach, Atkinson School of Administrative Studies, York University, Toronto, Canada, 2008 (Joint work with Baron O. and Milner J.)
6. Facility Location: A Robust Optimization Approach, Rotman School of Management, University of Toronto, Toronto, Canada, 2008 (Joint work with Baron O. and Milner J.)
7. Integrating a One-time Probabilistic Special Purchasing Opportunity with On-Going Replenishment Decisions, Department of Statistics, Haifa University, Israel, 2008 (Joint work with Silver A. E.)
8. Impacts of Lateral Transshipments on Designing and Operating the Supply Chain, Haskayne School of Business, University of Calgary, Alberta, Canada, 2006 (Joint work with Herer Y. T.)

9. Optimal Number and Location of Retail Outlets and Inventory Decisions in a Stochastic Inventory System, Pennsylvania State University, State College, Pennsylvania, USA, 2005 (Joint work with Herer Y. T.)
10. Optimal Size, Location, and Inventory Decisions in an Infinite-Horizon Newsvendor-Type Environment, Tel-Aviv University, Tel-Aviv, Israel, 2005 (Joint work with Herer Y. T.)
11. Optimal Number and Location of Retail Outlets and Inventory Decisions in a Stochastic Inventory System, Northwestern University – Ph.D. series – Evanston, Illinois, USA, 2005 (Joint work with Herer Y. T.)
12. Optimal Number and Location of Retail Outlets and Inventory Decisions in a Stochastic Inventory System, New York University, Leonard N. Stern School of Business, New-York City, USA, 2005 (Joint work with Herer Y. T.)
13. Optimal Number and Location of Retail Outlets and Inventory Decisions in a Stochastic Inventory System, Kansas State University, Manhattan, Kansas, USA, 2005 (Joint work with Herer Y. T.)
14. Supply Chain Design: An Integrated Decision-Making Approach, joint conference of Israel's Operations Management Society and Israel's Purchasing and Logistics Manager Association, Ramat-Gan, Israel, 2004 (Joint work with Herer Y. T.)
15. Supply Chain Design: An Integrated Decision-Making Approach, European Operations Management Association (EurOMA) Doctoral Seminar, Fontainebleau, France, 2004 (Joint work with Herer Y. T.)
16. Optimal Size, Location, and Inventory Decisions in an Infinite-Horizon Newsvendor-Type Environment, Technion – Israel Institute of Technology, Haifa, Israel, 2004 (Joint work with Herer Y. T.)
17. Supply Chain Design: An Integrated Decision-Making Approach, The 6th International Society for Inventory Research (ISIR) Summer School, Beta Research School, TU/e, Eindhoven, The Netherlands, 2003 (Joint work with Herer Y. T.)

LIST OF PUBLICATIONS

Ph.D. Dissertation

- H. Naseraldin, *Supply Chain Design on a Line with Lateral Transshipments*. Technion – Israel Institute of Technology, Haifa, Israel, 2006.

A. Refereed Papers

1. A. Chaudhuri, H. Naseraldin, P. V. Soberg, E. Kroll, Should hospitals invest in customised on-demand 3D printing for surgeries, Forthcoming in *International Journal of Operations & Production Management*, 2020
2. N. Gavish, H. Naseraldin, An Experience-Based Contrast Effect when Relying on a Decision Aid, *SN Applied Sciences*, 2020
3. Y. Cohen, H. Naseraldin, A. Chaudhuri, F. Pillati, Assembly Systems in Industry 4.0 Era: A Road-Map to Understand Assembly 4.0, *The International Journal of Advanced Manufacturing Technology*, 2019
4. M. Gilenson, H. Naseraldin, L. Yedidsion, An Approximation Scheme for the Bi-Scenario Sum of Completion Times Trade-off Problem, *Journal of Scheduling*, forthcoming. <https://doi.org/10.1007/s10951-018-0588-7>
5. N. Gavish, H. Naseraldin, The Effect of Previous Experience When Introducing a Decision Aid In a Decision Support System For Supply Chain Management, *Cognition, Technology & Work*, 18(2), pp. 439-447, 2016.
6. Y. Mikhaylidi, H. Naseraldin, L. Yedidsion, Operations Scheduling Under Electricity Time-Varying Prices, *forthcoming in International Journal of Production Research*, 2015.
7. Y. Shaposhnik, Y. T. Herer, H. Naseraldin, Optimal Ordering for a Probabilistic One-Time Discount, *European Journal of Operational Research*, 244, pp. 803-814, 2015.
8. H. Naseraldin, Y. T. Herer, A Location-Inventory Model with Lateral Transshipments, *Naval Research Logistics*, 58(5), pp. 437-456, 2011.
